

THE HAYNER PUBLIC LIBRARY DISTRICT ELECTRONIC RESOURCES ACCEPTABLE USE POLICY

All use of the electronic network shall be consistent with The Hayner Public Library District's goal of providing educational and informational reference resources by facilitating resource sharing, innovation, and communication. This policy and authorization does not attempt to state all required or prescribed behavior by users. Some specific examples are provided.

Computer service is provided at each of the District's facilities. The District provides computer service to all patrons. However, systems are designated according to space (Adult, TeenSpace, and KidsSpace). Children under the age of eight may use the computers only with adult supervision. The District assumes no responsibility for computer activity conducted by children not accompanied by an adult. The KidsSpace computer use is restricted to children under the age of thirteen and parents, guardians, and supervisors of children using KidsSpace.

THPLD computers, computer networks, and electronic resources are THPLD resources and are subject to monitoring by appropriate THPLD staff. THPLD reserves the right to access any electronic resource message and use the content for any purpose. Inappropriate use of electronic resources will result in access being denied per the Violations section outlined below.
